Standards for participation in this project

Hamza Abdul Karim · F23607046 — May 2026

## ABSTRACT

This document records the standards we expect of everyone participating in the project, the scope in which they apply, and the process for reporting concerns.

## 1. Our Pledge

We pledge to make participation in this project a harassment-free experience for everyone, regardless of background, identity, or level of experience.

## 2. Standards

Examples of behaviour that contributes to a positive environment:

- Using welcoming and inclusive language.
- Respecting differing viewpoints and experiences.
- Gracefully accepting constructive criticism.
- Focusing on what is best for the project.

Examples of unacceptable behaviour:

- Personal attacks, insulting comments, or trolling.
- Public or private harassment.
- Publishing someone's private information without consent.
- Other conduct which would reasonably be considered inappropriate in a professional setting.

## 3. Scope

This Code of Conduct applies within all project spaces — issues, pull requests, discussions, and any other channel maintained by the project — and also when an individual is officially representing the project in public spaces.

## 4. Enforcement

Instances of abusive, harassing, or otherwise unacceptable behaviour may be reported privately to the maintainer. All complaints will be reviewed and investigated and will result in a response that is deemed necessary and appropriate to the circumstances.

## 5. Attribution

This Code of Conduct is adapted from the Contributor Covenant, version 2.1, available at [contributor-covenant.org](https://www.contributor-covenant.org).
